

23 June 2025

To Whom It May Concern,

I am pleased to write this reference letter for **Edbert Widjaja**, who interned at Naxon from 1st **May** to 23rd **June**, contributing meaningfully to our Machine Learning and AI development efforts.

During his internship, Edbert worked closely with our Machine Learning Engineer on the **MCP (Model Configuration Pipeline) project**—a critical component of our AI agent infrastructure. His responsibilities included supporting model tuning workflows, improving data preprocessing logic, and assisting in performance evaluations of various ML configurations. Edbert's ability to grasp complex technical requirements and translate them into actionable tasks made him a valuable contributor to the project.

I have full confidence that Edbert will bring the same level of dedication and impact to any future opportunity he pursues. I strongly recommend him and would be happy to provide further information upon request.

Sincerely,

A handwritten signature in black ink, appearing to read "Jarvis Sindhuse Apaitan".
